

CURB MOUNT SKYLIGHTS

Model CM

Model: CM & TCM

Curb mount skylights mount to existing roof curbs or roof curbs by others providing easy installation & replacement. Great for both residential and commercial applications.

Available in standard aluminum (Model CM) or with a thermally broken aluminum frame (Model TCM).

Frame: .060" T6063 aluminum framed skylight and retaining angle with integral condensation gutter and weep holes to direct moisture to the exterior.

THERMALLY BROKEN

Model TCM

Glazing: Single or double domes. Domes are available in acrylic or polycarbonate for impact resistance. Standard colors are clear, #2447 white & #2412 bronze. These units are also available with formed pyramid glazing with a 22, 30 or 40 degree pitch. Unlimited dome colors are available upon request.

Finish: Mill, Fluoropolymer Paint, Bronze Anodized & Clear Anodized. Custom painting and anodizing are available upon request.
